Good Day Everyone:

It is hard to believe our club is 60 years young. I am hoping to see everyone at the upcoming RCARA 60th Anniversary Potluck dinner on August 13th.

The purpose of this gathering is to enjoy the history of the club and most of all to have fun and to eat everything in sight.

Our next formal business meeting will be on September 10, 2015.

Don't forget to RSVP so we can plan accordingly. If you can assist with the Potluck planning, setup and clean up, please contact "MY BOSS" Marlene at xmadamxx@aol.com

Thank you - looking forward to seeing you at the dinner.

73's Ron

Be the change you wish to see in the world...

60 YEARS AND STILL GOING STRONG!

- Opening the door to a new decade -

AMATEUR RADIO OPERATION may be a “grand and glorious hobby” as one operator described it, but the passion members in the Riverside County Amateur Radio Association (RCARA) have for the hobby is foremost serious business.

When the group assembles in Riverside on August 13, 2015, to celebrate the club's 60th anniversary with light-hearted chat and a potluck dinner, there will undoubtedly be many a reflection on how this group has evolved and remained active for over a half century ... no small accomplishment.

As a former president Ronald Armstrong explained, “We have a wide reach, so we extend our hobby to help when called upon with special events but we are here really to assist with disasters and we have done that many times over the years.”

Fine business RCARA, keep up the good work ... Congratulations and continued success

The 60th wedding anniversary is known as the diamond anniversary. The anniversary got its name because of Queen Victoria's Diamond Jubilee, which also made the 60th wedding anniversary popular.

The word diamond is derived from a Greek word, "adamas." This term means enduring and unconquerable, which seems fitting for the 60th anniversary of RCARA.

NEWS YOU CAN USE (OR NOT)

Rivrads,

Best of evening: VE7BDQ, north of Victoria BC, 1739 km, one watt ERP. Not bad for summertime condx on 630m.

RE the attached map: The only transmitting stations are those with the "2X" calls, who have permits in the ARRL 600m Project. The band has been open to Canadians for a while, but will not be open for US hams until at least later this year.

RE the display: The vertical segments are two minute intervals, the green or red bars are stations transmitting.

RE the tuner: Breadboard created by Jim, AD6FR, and modified for 600m. It's attached to 130 feet of wire laying on my roof

Orange Section ARES 5th Annual Seminar & Training

Theme for this year: "We are all in this together"

The 5th Annual ARES Seminar & Training will be held August 1, 2015 from 9:00 a.m. - 3:00 p.m. at the Perris Senior Center, 100 N. D Street, Perris. Speakers scheduled are Jim Sanders, AG6IF and Lecia Elzig, Chair of Riverside County VOAD.

Jim will be presenting on the many different aspects of Digital Communications available to the amateur radio operator including Yaesu Fusion vs DStar, Winlink, WinMor, FLDigi, PSK31 and other modes. Lecia Elzig will be presenting an overview of the various organizations involved in Volunteer Organizations Active in Disaster (VOAD).

In the afternoon we will also be participating in a Table-top emergency exercise, "Vortex Mayhem", conducted by the Disaster Resistant Communities Group, based in Florida as a way of introducing their (free) monthly exercises available to all. The focus of the exercise is on community based organizations working together.

All amateur radio operators are welcome to attend, you do not have to be a member of ARES. Lunch will be provided (please let us know if you have any dietary restrictions).

Please RSVP to Bob Turner at w6rhk@yahoo.com

Your Invitation to the Biggest D-STAR QSO Party 2015

Icom has announced preliminary details for the 2015 D-STAR QSO Party, an annual contest that promotes the Amateur (Ham) radio hobby around the world through D-STAR (Digital Smart Technologies for Amateur Radio.)

This year's global event will take place over three days from Friday, September 18 (00:00 UTC) to Sunday, September 20 (24:00 UTC). Official rules and party details for the D-STAR QSO Party 2015 will be available at a later date and posted on the Icom Inc. [D-STAR QSO Party microsite](#)

So far, Icom has made the following announcement about the schedule for the D-STAR QSO party:

- Jul 15, 2015 – Announcement the Outline of the D-STAR QSO Party
- Aug 5, 2015 – Announcement of the Prizes
- Sep 18-20, 2015 – D-STAR QSO Party Time
- Oct 20, 2015 – Due Date for the Log Submission
- Nov 20, 2015 – Announcement of the Results

Ian Lockyer, Marketing Manager of Icom UK Ltd said, 'The D-STAR QSO Party is not a competition to contact as many call signs as possible, the goal of the D-STAR QSO PARTY is to communicate with as many D-STAR repeaters as possible throughout the world.'

D-STAR is an open standard digital communication protocol that delivers clear digital voice and can transmit data such as callsign, short messages and GPS information.

For more information about D-STAR please visit our microsite: <http://www.d-staruk.co.uk/>

Live with Ageless, CC Eastvale Worship Band
along with Refuge Bible Fellowship's Youth Drama Team.

On August 7th at Glen Avon Heritage Park in Jurupa Valley, several churches are putting together an event for the community offering services such as Hope in Health Clinics, CoveredCA, Lifeline (free cell phones for low income), free food, drinks, games, movies, music, hair care/beauty care/nail care, free clothes, etc, etc.

I am reaching out to my contacts that are community based and emergency preparedness related and thought of you guys and, ARES (I think that is the Riverside County Emergency Ham, right?)

We would love to have you both there with a booth, if you guys would like. I thought it would be a great idea to introduce yourselves to the community on this end of Riverside County and also show what Ham Radios have to offer. I don't know if you have any classes for licenses coming up, but also thought it would be a great opportunity to let the community know about them.

The event will be every Friday for 5 weeks starting August 7th through September 5th. You can set up at 5PM and the event starts at 6PM. Movies and concerts start around 8PM so you can break down right before then. See the above flyer of the event. Please feel free to contact me with any questions.

We'd love to have you!

Warmly,

There had been some question about the W6TRW Swap Meet having to relocate by the end of August. New information: They will be able to continue at Northrop Grumman through the end of the year.

Swap Meet to Remain at NG through December 2015
Club News by W6TRW

NOTICE:

We are pleased to announce that the W6TRW Swap Meet will continue to be held at Northrop Grumman through the end of the year. This means that Swap Meets and VE Testing will continue as usual through December 2015.

The Swap Meet will be moving to a new location in January, 2016. That location will be announced later this year. Please keep checking this website for updates as they become available.
