- Pledge to the Flag
- Self-introductions
- 50/50 raffle

## Announcements

Mike wanted to say thank you to Art Sutorus for all his hard work and time getting the word out for Field Day.

## General Discussion

Technician and General radio license classes are scheduled for October, exact dates to follow. Jim needs at least three volunteer VE's for the classes, see Jim if you are a VE and want to help. Will be using the Gordon West License class manuals, you will need to study prior to the class.

The month of August the Club meeting has a potluck, a motion to have a potluck in place of a meeting was motioned by Chris and seconded by Rick. The Club will have a potluck for the August club meeting, a signup sheet will be available.

Marlene asked everyone who is attending Field Day to wear your Club shirt or Club name tag if you do not have a club shirt.

For the months of September and October Mike will be scheduling guest speakers. He will be scheduling Ed Fong, Electrical Engineer and an antenna building session. The month of November is Election month. And December is the Club Christmas party.

Jim Wiley AG6EA says it's not a good idea to contact FEMA for funds to replace the repeater, to many natural disasters have happened and funds may not be available. In order to apply for a Grant you must attend a Grant Writer class to apply for the funds to replace the repeater.

Meeting was adjourned at 7:35, motioned by Rick

Respectfully submitted by Margaret Albanese, Secretary
