General Meeting, All Welcome

ARE YOU ENJOYING OUR COLORFUL SPRING? IS IT TIME TO TAKE YOUR RIG OUTSIDE, MAYBE TO A PARK TO DO A POTA CQ? (Parks-On-The-Air) Come to the meeting this Thursday to tell us what you have in mind.

Welcome back to Marlene, KK6CTX, who called us to the Monday Night Net this week. Professional as always! Thanks, Marlene!

How about license upgrades? Anyone advancing up the ladder? Ken, KN6LWQ, is now a General so we expect to hear great achievements from him. Steve, W7DTH, gives the tests for those of you who are looking for a testing opportunity.

Is anyone other than W7RSO trying to make contacts with 100 different countries? I hear he is galloping along with over 100 countries now! I added a couple recently but then I started getting audio errors on WSJT-X so nothing is working right. Maybe it's that mysterious RFI gremlin. Oh, well, I'm going to drown my sorrows in the good food at Kountry Folks on Thursday.

**See you at Kountry Folks April 13 at 6pm**

(You can order your own food before we start talking!!)
