LOOKING FOR A HAM EVENT?

Check out **Quartzfest.org** for info about their Jan 23-29, 2022, event in the Quartzite, AZ BLM desert. Camping under your antenna!

Go to **YumaHamfest.com** for info about their Feb 18-19, 2022 event at the Yuma County Fairgrounds, Yuma, AZ

LOOKING FOR EXOTIC DX STATIONS?

DXsummit.fi and **DXNews.com** give info about those exotic foreign stations that we wish we could transmit from without the heavy work of getting there. Already John, W7RSO, has racked up 73 foreign contacts, headed for 100, while, Madeleine, AJ6MF, has been staying up late just to get 57. Of course, Claire, K6LG, and others, have accumulated more contacts than us recent folks. This month, some really special ones to look for are **S9OK, J5HKT** and **3DA0RU**.

LOOKING FOR SPECIAL DOMESTIC STATIONS?

Texas is celebrating the past President DD Eisenhower's birthday with stations having 10 W5+ call signs so if you contact all 10, the second letters of the call signs spell **EISENHOWER**. Look them up on **QRZ.com** (**W5E**, etc.). I'm using FT8.
