3653 LA SIERRA AVE

RIVERSIDE, CA

General Meeting, All Welcome

SUPER **BRAVO** TO ALL OF YOU WHO HAVE PAID YOUR DUES FOR 2023! If you haven't yet, just bring \$25 and your application to the meeting and you'll be all set for 2023. Welcome to new members!

Another *Bravo* to W7RSO (and others?) who made it out to AZ for Quartzfest! And did anyone work Winter Field Day?

Have any of you DXers tried to get the **Bouvet** Dxpedition, **3Y0J**? Can you find Bouvet Island on a map? Ham radio is a constant geography lesson!!! You can read about Bouvet DX on: [dx-world.net/3y0j-bouvet-island](http://dx-world.net/3y0j-bouvet-island).

How are you hams doing with your studying for a license upgrade: General or Extra? I finished reading the e-book version of "**Ham Radio DX A Complete Guide: How to go from Karaoke to a DXCC Rockstar**", by Lucas L Ford, W6AER. It had lots of practical information, but I wanted a clearer view of the pictures, so I bought the paperback version (Amazon). I will bring it so you can glance at it.

Juan's school class is preparing for the School Club Roundup so he can give you time and frequency that the kids will be on. They would like to talk to ham people.

**See you at Kountry Folks February 9 at 6pm**  
(You can order your own food before we start talking!!)
